

**Pembroke Diocesan Council of the Catholic Women's League of Canada
Fall Meeting, October 30, 2021, Oral Report
Nancy Guyea, Treasurer**

In this very interesting time, I wonder what my world will look like at the end of the Pandemic. There have been so many changes and everything has been refined. My world includes the CWL.

As treasurer I see and am interested with the bottom line. I feel one positive outcome of the Pandemic is our League's use of video conferencing and online meetings. While we all long for personal meetings, online meetings save travel money, connects teams and are much safer than highway travel in bad weather. They allow a quick and inclusive platform for discussion. If you are fortunate enough to have an internet connection (and a teenager with a free half hour) please give this tool a try .It can be as easy to use as email. The easiest platforms are Zoom (free/100 participants/45 minutes) or Google Meet (free/100 participants/50 minutes).

May Our Lady of Good Counsel guide us all.

Respectfully submitted by Nancy Guyea
