UNITY OUTREACH

UNITY OUTREACH is a national CWL initiative to find the strengths and needs of parish councils.

The information that we get from you will be used by the national council to provide councils with needed support considering all the resources we have available to us.

Your council will be visited by a member of the Diocesan executive and it will be interesting, and thought provoking.

All meetings are to be completed by the end of June 2023, so we will be in touch with you soon!
